

High-Performance Computing Services (HPC)

WORLD-CLASS RESOURCES FOR ENABLING INNOVATION IN SCIENTIFIC RESEARCH

By providing NIH's Intramural Research Program (IRP) investigators with state-of-the-art, high-performance computing resources, we make it possible for researchers to pursue questions that were once beyond their reach.

WHAT WE PROVIDE

Supercomputing

Conduct large-scale data analyses with Biowulf, one of the TOP500 project's most powerful supercomputers and the world's most powerful supercomputer dedicated to advancing biomedical research.
